

LEARNING TO LEARN

50 COLLEGE ROAD

AND INQUIRY

As students learn to learn, they become more confident and capable learners. They develop the skills and strategies necessary to succeed in college and beyond.

Students learn to learn by taking ownership of their learning. They set goals, monitor their progress, and seek help when needed.

Students learn to learn by developing a growth mindset. They believe that their abilities can be developed through hard work and practice.

As they realize their full potential, students become more motivated and engaged learners. They take ownership of their learning and seek out challenges.

Students learn to learn by developing effective study habits. They manage their time, take notes, and review regularly.

Students learn to learn by seeking out resources. They use the library, tutoring center, and other campus resources to support their learning.
