Tagging a Consulting Activity with a Semester and Year

For each Consulting activity, you must tag it with a start and end semester and year. This is how it is pulled into your Faculty Annual Report (e.g., a Consulting activity tagged Fall 2018 through Spring 2022 will show up in your 2018, 2019, 2020, 2021, and 2022 FARs).
